Mr. John M. Wolgast, Vice President Maintenance
National Airlines, Inc.
P.O. Box NAL
Airport Mail Facility
Miami 59, Florida

Dear Mr. Wolgast:

We have been advised by Mr. Roy Harold, Chief, American Procurement Department, Los Angeles, that he has arranged to purchase from National Air Lines certain R2800 engine overhaul tooling and fixtures for shipment to our Tainan maintenance base.

In this connection we have arranged for Mr. E. M. Walsh, one of our maintenance supervisors who is now in the U.S. on vacation, to visit your facility on Monday, April 1, for the purpose of determining how this equipment should be set up and operated after its delivery to Taiwan.

Mr. Walsh has been instructed to report to you and we shall greatly appreciate any assistance you can provide him.

Sincerely,

G. W. Gilmer
Assistant to Managing Director
